# About

We have been here for you for over 20 years

Brill AV Media Sp. z o.o. has been operating in the audiovisual services market in Central and Eastern Europe since 2005.

The company was established through the merger of Brill Audio-Visual from Hungary (since 1995) and AV Media from the Czech Republic (since 1993).

Today, Brill AV Media is one of the leading companies in Poland in the field of comprehensive technical support for business meetings, as well as the design, integration, and servicing of AV systems for various types of spaces.

# Our Team

Over 20 years of experience in the market have helped us develop real competitive advantages, which today translate into the quality and efficiency of our operations:

**5★ customer service** — aligned with premium venue standards

Each stage is managed by a dedicated specialist— ensuring clear communication and full project support

**20+ years of experience**— gives us a deep understanding of organizer needs

Familiarity with systems in venues across Poland— enabling efficient technical infrastructure management

We provide full technical and operational support at every stage: consultancy, system design, equipment selection, logistics, installation, support, and dismantling

# Our Contribution to the Event Industry

## Event Technology Workshops

For 15 years, we've been running Event Technology Workshops — regular training sessions for event managers, agencies, and companies involved in event organization. It's an opportunity to gain up-to-date knowledge, exchange experiences, and build industry connections. Participation is free of charge.

## Brill AV Media Academy

We share our expertise through the Brill AV Media Academy — a free training program for young talents in event technology. Participants gain hands-on skills in lighting, sound, multimedia, and scenography. The best graduates receive job offers and opportunities for continued development within our company.
